

What Am I Grateful For?

By Jazzmin

I am grateful that I have a brother and a sister and because I have people at home to play with me. I'm glad I have 1 brother, 2 sisters, 1 mom and 1 dad.

I am grateful that I have my pink bear. Because I had that since I was born and it was my first bear. And now its chest is ripped and her neck has a little hole now because I had it 8 years now.

I'm grateful that I have a family. If I didn't have a family I would have to be adopted. And I would not like that. I would have to change my last and first name.
